

We offer a wide range of EnergyWiseSM incentives designed to help you save energy and contribute to a more sustainable future for all Nebraskans.

December 5, 2023

You and your business greatly influence the decisions that many customers make. By providing incentives, we hope to encourage the installation of efficient equipment. These programs will provide you and your customers opportunities to save energy, money, and help the environment. Nebraska Public Power District, in partnership with its Wholesale Customers, would like to announce the continuation of and changes to its 2024 programs. Thank you for participating in the EnergyWiseSM incentive programs.

High Efficiency Heat Pumps

PROGRAM CHANGE FOR 2024:

- 15 SEER incentive is no longer available.
 - ▶ Any 15 SEER installations must be completed by December 31, 2023 to be eligible.

TYPE OF HEAT PUMP	INCENTIVE CRITERIA (SEER RATINGS)	INCENTIVE CRITERIA (SEER2 RATINGS)	INCENTIVE
Ductless Mini-split	16+ SEER, 12.5 EER, 8.5 HSPF	16+ SEER2, 12.5 EER2, 7.7 HSPF2	\$400
Ductless Mini-split	Variable Capacity (Provide manufacturer literature showing it is inverter driven)		\$600
Ductless Mini-split (Multi heads, 3 ton or greater)	Variable Capacity (Provide manufacturer literature showing it is inverter driven)		\$1,200
Air Source	16 - 16.9 SEER, 12.5 EER, 8.5 HSPF	15.2 - 16 SEER2, 11.9 EER2, 7.5 HSPF2	\$400
Air Source	17 - 18.9 SEER, 12.5 EER, 8.5 HSPF	16.1 - 18 SEER2, 11.9 EER2, 7.5 HSPF2	\$800
Air Source	19+ SEER, 12.5 EER, 8.5 HSPF	18.1+ SEER2, 11.9 EER2, 7.5 HSPF2	\$1,200
Air Source	Variable Capacity (Provide manufacturer literature showing it is inverter driven)		\$1,200
Geothermal – 1 or 2 stages	Any EER	Any EER	\$2,400
Geothermal – variable capacity	35+ EER, 5.0+ COP (in GLHP partial load column of AHRI or Energy Star certificate)		\$3,300

If you are a HVAC contractor, please make sure to use the updated application that is enclosed – thank you!

Lawn and Garden

PROGRAM CHANGE FOR 2024:

- Incentive to be limited to \$1,500 per incentive
 - 20% incentive on any electric chainsaws, tillers, snow blowers, or lawn mowers

Agriculture Program

PROGRAM CHANGE FOR 2024:

- The Agriculture Program will include five individual prescriptive programs:
 - ▶ Center Pivot/Linear Outlet Component Replacement
 - \$500 for replacement of nozzles, sprayers, sprinkler heads, and regulators (if used)
 - ▶ Irrigation Moisture Sensors
 - \$300 for installing a moisture sensor with an irrigation management program
 - ▶ Corner Pivot Variable Frequency Drive (VFD)
 - \$18/hp
 - ▶ Automated Grain Aeration
 - \$.011 per bushel of bin capacity
 - ▶ Hog Heat Mats
 - \$40 or \$80 per mat (depending on size)
 - ▶ Pump Testing
 - Up to \$350 for having a professional efficiency test conducted on electric irrigation pumps
- A Custom Ag incentive is available for projects that are not part of the prescriptive programs.

Visit EnergyWiseNebraska.com for information on all available programs:

- | | | |
|-----------------------------|---|---|
| • Attic Insulation | • Smart Thermostat | • Variable Frequency Drive |
| • Cooling System Tune-Up | • Commercial/Industrial Prescriptive Lighting | • Agriculture Program |
| • High Efficiency Heat Pump | • Commercial HVAC | • Electric Vehicle – Charging Stations, Pre-Wiring and Commercial Conduit |
| • Heat Pump Water Heater | • Custom Lighting | • Industrial Process |
| • Induction Cooking | • HVAC System Optimization | |
| • Lawn and Garden | | |

Programs are available to customers of Nebraska Public Power District and participating wholesale electric utilities. Customers should contact their local utility for brochures, applications, and guidelines (available at EnergyWiseNebraska.com). *We thank you in advance for your participation. If you have any questions, please contact your local electric utility or any one of us.*
